WHEREAS, St. Lawrence County is the largest county geographically in New York State with one of the lowest per capita incomes, consistently high unemployment, and vast distances that make it difficult to efficiently deliver health care to its population of more than one-hundred thousand (100,000) people, and

WHEREAS, North Star Health Alliance, formerly known as Claxton Hepburn Medical Center, is facing possible closure due to a lack of financial assistance from New York State to fulfill long-standing commitments to help ensure the future of health care in St. Lawrence County, and

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators calls upon New York State Governor Kathy Hochul and the New York State Department of Health to immediately act to preserve North Star Health Alliance as a critical part of the North Country Health Care System, and

BE IT FURTHER RESOLVED that the Board of Legislators urges New York State to take necessary actions to preserve one of the region's oldest health care institutions and the jobs it provides and families it serves in the North Country Region, and

VI. INTERNAL CONTROLS

It is the policy of the County for all moneys collected by any officer or employee of the government to transfer those funds to the Treasurer within 5 days of deposit, or within the time period specified in law, whichever is shorter.

The Treasurer is responsible for establishing and maintaining an internal control structure to provide reasonable assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

VII. DESIGNATION OF DEPOSITORIES

The Board of Legislators, at its annual organizational meeting each January, shall designate the banks authorized for the deposit of moneys and the maximum amount which can be deposited at each bank. Additionally, the County Treasurer may select any bank allowable under New York General Municipal Law for investment purposes only, up to a limit of \$10,000,000 per bank, unless otherwise noticed in this policy. Should the Treasurer invest in any bank not already designated at the annual organizational meeting, yet allowable under New York Municipal Law, the Treasurer must provide a report to the Board of Legislators at the monthly Finance Committee following any such investment.

VIII. COLLATERALIZING OF DEPOSITS

In accordance with the provisions of General Municipal Law, all deposits of St. Lawrence County, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

1. By a pledge of eligible securities with an aggregate market value as provided by General Municipal Law, equal to aggregate amount of deposits.
2. By an eligible irrevocable letter of credit issued by a qualified bank other than the bank with the deposits in favor of the government for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
3. By an eligible surety bond payable to the government for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations.

IX. SAFEGUARDING AND COLLATERALIZATION

Eligible securities used for collateralizing deposits shall be held by the depository or a third party bank or trust company subject to security and custodial agreements.

January 2, 2026

The security agreement shall provide that eligible securities are being pledged to secure County deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection or such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events, which will enable the County to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the County, such securities shall be delivered in a form suitable for transfer or with an assignment to the County or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for, the County, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the County a perfected interest in the securities.

X. PERMITTED INVESTMENTS

As authorized by General Municipal Law Section 11, the County Legislature authorizes the County Treasurer to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

- Special time deposit accounts
- Certificates of deposits
- Obligations of the United States of America
- Obligations guaranteed by agencies of the United States
- Obligations of the State of New York
- Obligations issued by a municipality, school district or district corporation in New York State, other than the County
- Obligations of public authorities, public housing authorities, urban renewal agencies and industrial development agencies where the general state statutes governing such entities or whose specific enabling legislation authorizes such investments

January 2, 2026

maintained such ratings on similar obligations during the preceding six-month period or if the issuer is the product of a merger of two or more issuers, one of which has maintained such ratings on similar obligations during the preceding six-month period, provided, however, that no more than two hundred fifty million dollars may be invested in such obligations of any one corporation

- Bankers' acceptances maturing within two hundred seventy days which are eligible for purchase in the open market by Federal Reserve banks and which have been accepted by a bank or trust company which is organized under the laws of the United States or of any state thereof and which is a member of the Federal Reserve system and whose short-term obligations meet the criteria outlined in clause (7). Provided, however, that no more than two hundred fifty million dollars may be invested in such bankers' acceptances of any one bank or trust company; or
- Obligations of, or instruments issued by or fully guaranteed as to principal and interest by, any agency or instrumentality of the United States acting pursuant to a grant of authority from the Congress of the United States, including but not limited to, any federal home loan bank or banks, the Tennessee valley authority, the federal national mortgage association, the federal home loan mortgage corporation and the United States Postal Service, provided, however, that no more than two hundred fifty million dollars may be invested in such obligations of any one agency
- No-load money market mutual funds registered under the Securities Act of 1933, as amended, and operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended, provided that such funds are limited to investments in obligations issued or guaranteed by the United States of America or in obligations of agencies or instrumentalities of the United States of America where the payment of principal and interest are guaranteed by the United States of America (including contracts for the sale and repurchase of any such obligations) and are rated in the highest rating category by at least one nationally recognized statistical rating organization, provided, however, that no more than two hundred fifty million dollars may be invested in such funds

All investment obligations shall be payable or redeemable at the option of the County within such times as the proceeds will be needed to meet expenditures for purposes for which the monies were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable at the option of the County within two years of the date of purchase. When applying this requirement to repurchase agreements, the repurchase date and not the maturity of the underlying maturity, shall govern.

XI. AUTHORIZED FINANCIAL INSTITUTIONS AND DEALERS

The County shall maintain a list of financial institutions and dealers approved for investment purposes and establish appropriate limits to the amount of investments, which can be made with each financial institution or dealer. All financial institutions with which the local government conducts business must be credit worthy. Banks shall provide their most recent Consolidated Report of Condition (Call Report) at the request of the County. Security dealers not affiliated with a bank shall be required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers. The Treasurer is responsible for evaluating the financial position and maintaining a listing of proposed depositories, trading partners and custodians. Such listings shall be evaluated at least annually.

January 2, 2026

XII. PURCHASE OF INVESTMENTS

The Treasurer is authorized to contract for or place orders for the purchase of investments:

1. Directly, including through a repurchase agreement, from an authorized trading partner.
2. By participation in a cooperative investment program with another authorized governmental entity pursuant to Articles 5G and 3A of the General Municipal Law where such program meets all the requirements set forth in the Office of the State Comptroller Opinion No. 88-46, and the specific program has been authorized by the governing board.
3. By utilizing an ongoing investment program with an authorized trading partner pursuant to a contract authorized by the governing board.
4. By utilizing an ongoing investment program with an authorized investment adviser provided that all investments are directed by authorized personnel of the County, all trading partners are authorized by the designated Bank and the investment advisory agreement is approved by the Treasurer.

All purchased obligations, unless registered or inscribed in the name of the County, shall be purchased through, delivered to and held in the custody of a bank or trust company. Such obligations shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All such transactions shall be confirmed in writing to the Treasurer by the bank or trust company. Any obligation held in custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in General Municipal Law.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for, the County, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement shall describe how the custodian shall confirm the receipt and release of the securities. Such agreement shall include all provisions necessary to provide the County a perfected interest in the securities.

XIII. REPURCHASE AGREEMENTS

Repurchase agreements are authorized subject to the following restrictions:

- All repurchase agreements must be entered into subject to a Master Repurchase Agreement.
- Trading partners are limited to banks or trust companies authorized to do business in New York State and primary reporting dealers.
- Obligations shall be limited to obligations of the United States or guaranteed by agencies of the United States.
- No substitution of securities will be allowed unless the substitute securities are delivered to an independent custodian for the account of the County before the previously purchased securities are released.
- The custodian shall be a party other than the trading partner.

INTRODUCTION

Purchasing is a term used to describe the activities of obtaining materials, supplies, equipment and services that are required for the operation of county business.

The purchasing system is governed by General Municipal Law Sections 103 and 104, the goal of which is the protection of the public's tax dollar from elements of favoritism, improvidence, extravagance, corruption and fraud.

In general, the objectives of purchasing are to buy materials, supplies, equipment and services of the right quality, in the right quantity, from the right source and at the right price.

The Board of Legislators has delegated the responsibility and authority for purchasing and all of the accompanying functions to the Purchasing Agent/the County Administrator.

The keynote of any successful purchasing process is cooperation; cooperation between department heads, and the Purchasing Office, cooperation between the Purchasing Office and the fiscal staff, cooperation between the governing board and all officers and employees of the County.

PURCHASING POLICY AND CONTROL

1. The Purchasing Office shall be responsible for developing and administering the purchasing program of St. Lawrence County in conjunction with the St. Lawrence County Board of Legislators.
2. The St. Lawrence County Purchasing Office is hereby authorized to make all purchases of necessary goods and services by any means legally available within the State of New York and within all applicable rules and regulations, in the best interest of the taxpayers of St. Lawrence County.

As authorized by New York General Municipal Law 103 and St. Lawrence County Local Law No. 1 for the year 2014, purchase contracts (including contracts for service work, but excluding any purchase contracts necessary for the completion of a public works contract pursuant to article eight of the Labor Law) may be awarded on the basis of best value, as defined in section 163 of the State Finance Law and as authorized in section 103 of the General Municipal Law, to a responsive and responsible offeror. When the bid specifications state that the bid will be awarded on the basis of “best value”, the specifications will also include the criteria that will be used to award the bid. In assessing best value when awarding the purchase contract, non-price factors can be considered. Non-price factors can include, but are not limited to, environmental benefits, energy efficiency, reliability of a product, efficiency of operation, difficulty/ease of maintenance, useful lifespan, ability to meet needs regarding timeliness of performance, and experience of a service provider with similar contracts. The basis for a best value award, however, must reflect, whenever possible, objective and quantifiable analysis. Bids awarded by best value must be scored and the scoring must be documented. The manner in which the evaluation and award of offers will be conducted and, as appropriate, the relative importance of weighting of price and non –price factors should be included in the bid specifications. Such basis may also identify a quantitative factor for offerors that are small business or certified minority or women-owned business enterprises as defined in subdivisions one, seven, fifteen and twenty of section 310 of the Executive Law.

Not all bids will benefit nor are eligible for the best value award method. Prior approval from the Purchasing Office is required to proceed with a bid to be awarded by best value. Bids solicited in this manner will be titled a Request for Competitive Offers. Bids to be awarded in this manner must still be awarded to a responsive and responsible bidder or offeror.

Whenever a project is contemplated where labor is involved, the issue of prevailing wages should be considered. The prevailing rate schedule must be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

A request must be submitted for a Prevailing Wage Schedule for the particular job in question. A package of current wage schedules must be provided, along with forms that must be filled out and returned to the Labor Department. Each job has its own assigned number and name. The County may vary from this professional services procurement policy, with the approval of the Purchasing Agent/County Administrator and/or Board of Legislators' approval.

Please see RFP guidelines section on the next page for assistance in preparing RFPs.

Awards to someone other than the lowest proposer must be properly documented with the rationale/reason for rejection of the lowest price. Any and all procedures not specifically covered in this policy will be adhered to as covered in General Municipal Law, Section 104-b.

Exceptions to the Professional Services process are as follows. These procurements are subject to the approval of the Purchasing Agent.

REQUEST FOR PROPOSAL GUIDELINES

A Request for Proposals (RFP) is a formal invitation to submit an offer. The offer is to provide a solution to a problem or a need that an organization has identified. The RFP is used when the County is not sure what solution would best suit our needs or when we are looking for different solutions. RFP should be used when procuring professional services which involve a specialized skill, training or expertise (i.e. architects, engineers, consultants, software specialists).

All RFP's should contain the following:

- Background Information (provide a brief overview of your organization; provide a brief overview of the procurement subject matter; describe the background surrounding this procurement; list key dates/events, including the due date for the RFP and possibly the time frame for selection of proposal by the County; list definitions)
- Objectives and Technical Requirements (include specific objectives and desired outcomes – also include any specific technical requirements for the contract. List any criteria which are required to qualify vendors for this procurement. This may include past experience requirements, financial statements, staffing and personnel biographies and certification/license requirements)
- Cost Proposal Requirements (describe how you would like the cost proposals submitted (i.e. fixed price, lump sum, cost plus)
- Contractual Terms and Conditions (list the standard terms and conditions – include a sample contract if available)
- Administrative Section (describe how inquiries to the RFP can be handled, pre-proposal conference info, insurance requirements)
- Proposal Format & Content (describe in what format all proposals are to be submitted – proposals can be rejected if not submitted in the proper format)
- Proposal Evaluation Criteria (describe what criteria will be used to evaluate the RFP)
- Proposal Evaluation Team (List who will be evaluating the RFP)
- Attachments (list what attachments, i.e. non-collusion certificates, reference sheets, etc. That must be returned with the proposal)

FEDERAL PROGRAM GUIDELINES

The federal programs of the County are governed by the Uniform Guidance issued by the Federal Office of Management and Budget (OMB). In accordance with the requirements set forth by 2 CFR sections 200.317 through 200.326 of the Uniform Guidance, the following guidelines must be followed.

- Article 3, Section B of the St. Lawrence County Ethics Law sets forth policy that County officers or employees must avoid conflicts or potential conflicts of interest. This would include conflicts of interest with regards to the selection, award, and administration of contracts.
- State or local geographical preferences in evaluation of bids do not apply to federally funded programs. No language can be included in procurement solicitations contrary to this section.
- Thresholds for small dollar purchases are outlined in the St. Lawrence County Purchasing Policy. These thresholds are applicable to federal programs.
- Procurement transactions must be conducted in a manner providing full and open competition. Specifications shall not include unreasonable requirements on firms in order for them to qualify to do business with the County.
- The County cannot enter into a contract funded by the Federal Government with a contractor that is debarred or suspended by an agency of the Federal or New York State Government.
- Construction contracts greater than \$250,000 are required to have at a minimum the following bonding requirements.
 1. A bid guarantee from each bidder equivalent to five percent of the bid price.
 2. Performance and payment bonds on the part of the contractor for 100 percent of the contract price.
- Contracts subject to this section must contain the applicable provisions described in Appendix II to part 200 – Contract provisions for non-Federal Entity Contracts under Federal Award.
- The County will perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold of \$250,000. At a minimum, the cost analysis will include an independent estimate prepared before receiving bids or proposals.

January 2, 2026

POLICY NOTES AND EXCEPTIONS TO POLICY

1. If an emergency exists where the delay caused by soliciting quotes would endanger the health, welfare, or property of the municipality, or more importantly the individual tax payer, then the procurement of goods or services will be at the discretion of the County Administrator, with documentation as to the nature of the emergency being sent to the Purchasing Office, within five (5) working days of such procurement.
2. The Purchasing Office shall procure supplies and equipment, as needed, at the best possible price and maintain adequate records to show that this was done. Section 103 of the General Municipal Law allows for exceptions to competition (true leases, surplus equipment and sole source are examples). These purchases shall be made as outlined in General Municipal Law.
3. Purchase contracts for materials, equipment and supplies involving an estimated annual expenditure of over \$20,000, and public works contracts involving over \$35,000, shall be awarded only after public advertising and soliciting for formal bids (pursuant to Section 103 of the General Municipal Law).
4. All contracts, which require public advertising and competitive bidding, shall be awarded as provided by law and the rules and regulations of the board. Recommendations for awarding contracts shall be submitted by the appropriate department head and/or employee.
5. Purchases shall be made as required under Section 175 a and b of the State Finance Law and Section 162 of the Procurement Stewardship Act of 1995, through available state contracts of the Office of General Services, Division of Purchasing, the List of Preferred Source offerings from Correctional Industries (Corcraft), Industries for the Blind, and Industries for the Disabled (NYSID), or under County Contracts pursuant to Section 408-a of the County Law, whenever such purchases are in the best interest of the county.

The List of Preferred Source offerings also contain a requirement to notify preferred sources when certain SERVICES are needed. After you have determined a need for a service, you must check with the Purchasing Office to determine if the service being requested is available from one of the Preferred Sources. If the service is listed, you must contact the Preferred Source and provide them with your requirements. They have 10 days to let you know if they can fulfill your needs. Purchasers are not allowed under the law to solicit bids or award contracts for listed services until the above procedure has been completed.

Purchases made by utilizing New York State contracts may be done without the requirement of obtaining quotes or bids as New York State has already gone to bid for these items. Purchases made through National Cooperative contracts or other piggybackable municipal contracts must be pre-approved by the Purchasing Office as these contracts need to be individually vetted prior to use.

The use of New York State contracts, national cooperative contracts or municipal contracts may alleviate the necessity for quotes or bids; however, obtaining price quotes is still advised as these contracts may not represent the best possible price for the County.

January 2, 2026

When utilizing any of the above contracts, the department is responsible for submitting proper supporting documentation to the Purchasing Office including but not limited to: proof that the vendor holds a current contract, proof that the item (s) being purchased are included in the contract, and contract price verification.

New York State, national cooperative or municipal contract pricing, may be negotiated downward from the stated contract price.

6. The Purchasing Office shall issue purchase orders after first determining that unencumbered balances of budgetary appropriations are adequate to cover such obligations.

7. Supplies used by various offices and departments shall be uniform whenever consistent with operational goals and in the interest of efficiency or economy. These supplies may be available in the Central Stockroom.

8. When two or more responsible bidders who have met the specifications, and have furnished the required security, submit bids or quotations identical in price, preference in the award shall be given to a local St. Lawrence County vendor. If the tie involves multiple St. Lawrence County vendors, lots will be drawn among the local vendors to determine the award. For purposes of this section, a St. Lawrence County vendor is defined as a business in which the majority of the ownership of the business is by persons whose primary residence is in the County of St. Lawrence, State of New York. If the tie does not involve any St. Lawrence County vendors, lots will be drawn among the bidders who submitted the tie bids or quotations to determine the award.

9. All purchase orders and contracts entered into by St. Lawrence County are subject to compliance with the St. Lawrence County Ethics Law.

January 2, 2026

PURCHASING PROCEDURES GENERAL

1. With the exception of purchases made under blanket purchase orders and/or confirming orders (those requiring immediate action), only the person designated as Purchasing Agent may commit the county for a purchase. The St. Lawrence County Board of Legislators has delegated these responsibilities to the County Administrator.

The Auditing staff and the Purchasing Office will review these purchases and inform the County Administrator whenever items could have been purchased for a minimal amount, and were not, thereby wasting the taxpayers' dollars.

2. The material, equipment, supplies and/or services to be purchased shall be of the quality and quantity required to serve the function in a satisfactory manner, as determined by the requisitioner and the Purchasing Office.

3. It is the responsibility of the requisitioner to provide an adequate description of items needed and prepare the specifications to procure the desired commodity and/or service. The Purchasing Office will assist the requisitioner in the preparation of specifications. All requisitions are processed through the County's MUNIS Financial System.

4. It is the responsibility of the Purchasing Office to make alternative suggestions to the requisitioner if, in the judgement of the Purchasing Office, the specifications would restrict competition or otherwise preclude the most economical purchase of the required items. In case of disagreement as to the content of the specifications, the County Administrator, after reviewing all available data, shall make the final determination.

5. When a low bidder proposes an alternative as "an equal" to what is specified, it is the responsibility of the Purchasing Office, department head, and/or the County Attorney, to determine whether the proposed substitution is, in fact, equal.

January 2, 2026

BLANKET PURCHASE ORDER PROCEDURES

Blanket purchase orders are used for items which are frequently purchased from the same vendor on an "as needed" basis during a certain calendar period. A blanket purchase order eliminates the processing of many individual purchase orders and allows the department's flexibility in ordering and receiving commodities.

Procedures:

The requesting department initiates a purchase requisition for the calendar period needed. The dollar amount is estimated by the department head (or designer) and is reviewed by the Purchasing Office. The Purchasing Agent will issue an encumbered purchase order. The purchase order number must be given to the vendor when ordering commodities and must appear on all paperwork received from the vendor. After receiving the last invoice for the month, process the invoices for payment.

If the dollar amount on the blanket purchase order will be used up before the end of the purchase order period and additional purchases must be made, submit a request to the Purchasing Office to increase the purchase order. **DO NOT EXCEED THE ENCUMBERED BLANKET PURCHASE ORDER DOLLAR AMOUNT.** Exceeding the dollar amount appropriated on a blanket purchase order is, in fact, placing an order without the approved appropriation of funds. The New York State Comptroller's office states that this practice does not conform to accepted accounting principles.

The department(s) submitting blanket purchase requisitions for a particular commodity, (i.e. food), on existing awarded county bid contracts, will not be allowed to purchase any other items on that blanket PO (i.e., dishes, etc.) on the blanket purchase order issued. The request department will submit a separate purchase requisition.

January 2, 2026

CONFIRMING ORDERS

A verbal order, subject to subsequent confirmation by a written purchase order, may be given in cases where immediate action is needed. Naturally, such a deviation from "normal" will have a very limited use, and prior permission is needed from the County Administrator or Purchasing Office.

The individual placing such an order shall justify the need for this action. Inadequate time given by the Department for processing will not be considered a valid reason for this process.

A confirming order shall be issued immediately after the availability of funds is determined and certified. This order shall follow the same procedures as other orders but shall have priority so that the vendor will receive the order without delay. The order shall be marked "confirming".

The county will not be responsible for orders placed in this manner, unless a confirming order has been cleared through the purchasing office.

EXCEPTIONS TO PURCHASE ORDERS

Thus far, we have discussed the procedures to be followed when a purchase order is needed. We reflect on the need for cooperation and control.

Control involves not only compliance with required purchasing procedures but also affects paperwork. "Over-papering" can ruin the effectiveness of the system almost as quickly as noncompliance.

There are certain expenditures for which the processing of a purchase order/requisition is unnecessary. The following shall be made without purchase orders/requisitions:

1. Contracts for services - any encumbrance should be on the basis of contracts
2. Employee expenses such as travel and conference expenses, meals, mileage and other reimbursable expenses in performance of day-to-day duties
3. Reimbursement of petty cash funds
4. Utility bills
5. Service contracts for a fixed monthly or annual amount. (May be encumbered on the basis of contracts)
6. Interdepartmental charges. Medical examinations and veterinarian fees
7. Legal notices and classified advertisements
8. Postage Meter Costs

January 2, 2026

COUNTY PURCHASING

Section 103(3) of the General Municipal Law permits any municipality to purchase materials, equipment or supplies utilizing County Bid Awards. The St. Lawrence County Board of Legislators has authorized the inclusion of a provision allowing municipalities, and/or subcontract agencies, located wholly or partly within the county, to participate in purchase contracts awarded by them (pursuant to County Law, 408-a).

All purchases shall be subject to audit and inspection by the municipality, and the municipality shall be solely responsible for any payments due.

All printed material relating to the procurement of the item, and subsequent payment to the vendor, shall make reference to the county contract.

January 2, 2026

SALE AND DISPOSITION OF COUNTY-OWNED PERSONAL PROPERTY

The sale or disposition of personal property, which is no longer of use by St. Lawrence County, shall be in accordance with the following rules and regulations adopted by the St. Lawrence County Board of Legislators, except as otherwise provided by law:

To allow preference to municipalities in St. Lawrence County, surplus equipment and supplies will be offered to municipalities before being offered to the general public.

1. Notices will be sent to all St. Lawrence County Towns, Villages, and the City of Ogdensburg listing the surplus equipment and supplies available, and times that they may inspected. Municipalities will be given a minimum of two weeks to inspect and bid on the surplus equipment and supplies.

2. After the municipalities have their opportunity to bid on the surplus equipment and supplies, the remaining items will be offered to the general public through Auction or sealed bid.

The equipment or supplies offered will be awarded to the highest bidder. Tie bids will be determined by drawing lots. The County does reserve the right to reject any, and all bids. The County also reserves the right to sell to next highest bidder if the successful bidder fails to accept the award.

3. Transfer of surplus equipment to Political Subdivisions and School Districts in St. Lawrence County: The County Administrator may authorize the transfer of items valued at less than \$250.00 to municipal governments and school districts in St. Lawrence County at no cost to the municipality.

This transfer may be accomplished in the following manner:

- (a) By written request of a municipality or school district to the County Administrator.
- (b) By a letter being sent by the Purchasing Office to all St. Lawrence County Towns, Villages, School Districts, and the City of Ogdensburg. This letter would indicate that surplus equipment valued at less than \$250 is available at no cost to the municipalities or school districts. Instructions for viewing and picking up the Purchasing Office will provide the surplus equipment.

RESOLUTION NO. 114-2026

**URGING THE GOVERNOR AND THE NEW YORK STATE LEGISLATURE
TO PROVIDE ADEQUATE AND SUSTAINABLE FUNDING FOR THE
CHILD CARE ASSISTANCE PROGRAM IN THE STATE BUDGET**

By Mr. Burke, District 12

WHEREAS, the New York State Child Care Assistance Program (CCAP), authorized pursuant to Title 5-C of Article 6 of the New York Social Services Law (§410-Z through §410-Z-1) and administered by the New York State Office of Children and Family Services (OCFS) in partnership with county social services districts, provides financial assistance to eligible families to offset the cost of child care while parents or guardians work, attend training, or pursue education, and

WHEREAS, CCAP funding is derived from a combination of federal funds under the Child Care and Development Block Grant (CCDBG), state appropriations contained in the annual New York State Enacted Budget, and required local maintenance-of-effort contributions administered through county social services districts, and

WHEREAS, in recent years, the State of New York expanded eligibility for CCAP by increasing the income threshold from two hundred percent (200%) to three hundred thirty percent (330%) of the Federal Poverty Level, allowing families earning approximately \$110,000 annually for a family of four to qualify for childcare assistance, and

WHEREAS, this expansion of eligibility dramatically increased the number of families seeking assistance, with the number of children receiving childcare subsidies statewide increasing from approximately 60,000 children in 2022 to approximately 160,000 children in 2025, and

WHEREAS, despite this significant expansion in eligibility and demand, funding allocations to counties have not increased proportionally, resulting in substantial shortfalls in the amount of funding available to serve eligible families, and

WHEREAS, St. Lawrence County received approximately \$3.4 million in Child Care Assistance Program funding for the current fiscal year, which has proven insufficient to meet local demand for childcare assistance services, and

WHEREAS, the Department of Social Services has reported that, at the current rate of program utilization, the County was projected to exceed its allocation by approximately \$1,300,000 by the end of December 2026, forcing the County to deny most new applications except for state-mandated priority cases such as families facing homelessness or receiving public assistance, and

WHEREAS, further projections indicate that the County will face a deficit of approximately \$1.3 million in CCAP expenditures beyond its allocation, and that an estimated \$4 million in additional funding would be necessary to fully serve all eligible families seeking assistance in the County, and

April 6, 2026

WHEREAS, more than two-hundred (200) St. Lawrence County families are expected to be denied assistance due to the exhaustion of available CCAP funding, leaving working parents without the financial support necessary to maintain employment and access safe childcare, and

WHEREAS, this situation is not unique to St. Lawrence County, as more than half of the counties in New York State have exhausted their childcare assistance allocations early in the fiscal year, demonstrating a statewide structural funding gap between program demand and available funding, and

WHEREAS, according to policy analyses of CCAP funding levels, St. Lawrence County's projected spending under current demand trends could reach approximately \$5.86 million in the upcoming funding period, compared to an allocation of roughly \$3.23 million, resulting in a potential shortfall exceeding \$2.6 million if funding levels remain unchanged, and

WHEREAS, the inability to provide adequate child care assistance negatively impacts working families, employers, and childcare providers, particularly in rural counties such as St. Lawrence County where access to childcare services is already limited, and

WHEREAS, the continuation of this funding shortfall threatens the financial stability of childcare providers and may result in reduced capacity, program closures, and increased childcare deserts in rural communities, and

WHEREAS, counties have limited fiscal capacity to absorb these increased costs locally and must rely on sufficient State funding to administer the program effectively,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators urges the Governor and the New York State Legislature to provide adequate and sustainable funding for the Child Care Assistance Program in the State Budget, and

BE IT FURTHER RESOLVED that the State of New York should ensure that funding allocations reflect the expanded eligibility thresholds enacted by the State in recent years and the resulting increase in program enrollment, and

BE IT FURTHER RESOLVED that the State should work collaboratively with counties to ensure predictable and sufficient funding levels that prevent counties from exhausting their allocations early in the fiscal year, and

BE IT FURTHER RESOLVED that certified copies of this resolution be forwarded to Governor Kathy Hochul, Assemblyman Scott Gray, Senator Mark Walczyk, Assemblyman Robert Smullen, Assemblyman Ken Blankenbush, Senator Dan Stec, and the New York State Office of Children and Family Services.

PROPOSED LOCAL LAW B (NO. _) FOR THE YEAR 2026, “THE ST. LAWRENCE COUNTY ROOM OCCUPANCY TAX AND RESCINDING ALL PREVIOUS HOTEL AND MOTEL OCCUPANCY TAX LOCAL LAWS AND AMENDMENTS IN ST. LAWRENCE COUNTY AND OPTING OUT OF THE NEW YORK STATE SHORT TERM RENTAL REGISTRY”

BE IT ENACTED by the Board of Legislators of St. Lawrence County as follows:

Section 1. The adoption of this local law is intended to replace any and all laws and amendments previously adopted by the Board of Legislators relating to the Hotel and Motel Room Occupancy Tax in St. Lawrence County as well as declare the County of St. Lawrence hereby opts not to establish a registration system for short-term rental units pursuant to Subdivision (1) of Section 447-c of the New York Real Property Law.

Section 2. This local law shall take effect upon filing in the Office of the Secretary of State.

Section 3. Legislative Findings

The St. Lawrence County Board of Legislators finds that:

- 1.) Short-term rental activity is increasing throughout New York State and presents land use, housing, and enforcement concerns best addressed at the local municipal level.
- 2.) The County, City of Ogdensburg, various towns, and villages within St. Lawrence County possess authority and regulatory frameworks tailored to their communities.
- 3.) Establishment of a county-wide registry system would require administrative infrastructure, staffing, enforcement mechanisms, and data management systems not currently maintained by the County.
- 4.) The New York State Legislature expressly authorized counties to opt out of participation in the registry system by local law.
- 5.) It is in the best interests of St. Lawrence County residents to decline participation in the statewide registry system.
- 6.) It is in the best interests of St. Lawrence County residents to alter and amend the definitions of those entities subject to this local law to establish and maintain clarity in the law and uniformity in the application of the law.

(b) Whenever such tax is estimated as provided for in this section, such notice shall contain a statement in bold face type conspicuously placed on such notice advising the person; that the amount of tax was estimated, that the tax may be challenged through a hearing process, and that the petition for such challenge must be filed with the County Treasurer within thirty (30) days.

(c) After such hearing, the County Treasurer shall give notice promptly, by registered or certified mail, of his or her determination to the applicant. The determination of the County Treasurer shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under Article 78 of the Civil Practice Law and Rules if application therefore is made to the Supreme Court within four (4) months after the giving of the notice of such determination. The County Treasurer may in lieu of any refund required to be made. The County Treasurer may in lieu of any refund required to be made, allow credit therefor on payments due from the applicant.

(b) An application for a refund or credit made as herein provided shall be deemed an application for a revision of any tax, penalty or interest complained of and the County Treasurer may receive evidence with respect thereto. After making his or her determination, the County Treasurer shall give notice thereof to the applicant who shall be entitled to review such determination by a proceeding pursuant to Article 78 of the Civil Practice Law and Rules, provided such proceeding is instituted within four (4) months after the giving of the notice of such determination, and provided that a final determination of tax due was not previously made. Such a proceeding shall not be instituted unless an undertaking is filed with the County Treasurer in such amount and with such sureties as a Justice of the Supreme Court shall approve to the effect that if such proceedings be dismissed or the tax confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding.

(c) A person shall be entitled to a revision, refund or credit under this section of a tax, interest or penalty which has been determined to be due pursuant to the provisions of Section 13 of this Local Law where he or she has had hearing or an opportunity for a hearing, as provided in said section, or has failed to avail himself or herself of the remedies therein provided. No refund or credit shall be made of a tax, interest or penalty paid after a determination by the County Treasurer made pursuant to Section 13 of this Local Law unless it be found that such determination was erroneous, illegal or unconstitutional or otherwise improper by the County Treasurer after a hearing or of his or her own motion or in a proceeding under Article 78 of the Civil Practice Law and Rules pursuant to the provisions of said section, in which event, refund or credit without interest shall be made of the tax, interest or penalty found to have been overpaid.

RESOLUTION NO. 164-2026

**AUTHORIZATION TO CREATE AND FILL THREE (3) DATA CLERK POSITIONS
IN THE DEPARTMENT OF SOCIAL SERVICES AND ABOLISH THREE (3)
CLERK POSITIONS**

By Mr. Webster, Chair, Services Committee

WHEREAS, Clerk positions in the Department of Social Services are classified as entry-level roles and are limited to basic clerical support functions, and

WHEREAS, following a recent desk audit by the St. Lawrence County Human Resources Office, it was determined that the duties currently performed by three (3) staff members in the Clerk positions have evolved significantly beyond the scope of entry-level clerical work and no longer match the entry-level classification, and

WHEREAS, the high volume of document indexing requiring accuracy and speed, the database management responsibilities, which include maintaining, updating, and troubleshooting data systems, and the greater complexity of tasks and program knowledge required are distinguishing features of a Data Clerk Position, and

WHEREAS, the work currently being performed is consistent with Data Clerk responsibilities and re-classifying these three (3) positions ensures proper alignment between duties and job classification and supports organizational efficiency, and

WHEREAS, abolishing three (3) Clerk Positions (Position No. 002300005, 002300012, and 002300020) and creating three (3) Data Clerk Positions (Position No. 003700001, 003700002, and 003700003) recognizes the advanced skill set required and ensures the work performed continues unchanged,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators authorizes the County Administrator to create and fill three (3) Data Clerk Positions in the Department of Social Services and abolish three (3) Clerk Positions.

ADOPTING LOCAL LAW B (NO. _) FOR THE YEAR 2026, "THE ST. LAWRENCE COUNTY ROOM OCCUPANCY TAX AND RESCINDING ALL PREVIOUS HOTEL AND MOTEL OCCUPANCY TAX LOCAL LAWS AND AMENDMENTS IN ST. LAWRENCE COUNTY AND OPTING OUT OF THE NEW YORK STATE SHORT TERM RENTAL REGISTRY"

By Mr. Hull, Chair, Finance Committee

BE IT ENACTED by the Board of Legislators of St. Lawrence County as follows:

Section 1. The adoption of this local law is intended to replace any and all laws and amendments previously adopted by the Board of Legislators relating to the Hotel and Motel Room Occupancy Tax in St. Lawrence County as well as declare the County of St. Lawrence hereby opts not to establish a registration system for short-term rental units pursuant to Subdivision (1) of Section 447-c of the New York Real Property Law.

Section 2. This local law shall take effect upon filing in the Office of the Secretary of State.

Section 3. Legislative Findings

The St. Lawrence County Board of Legislators finds that:

- 1.) Short-term rental activity is increasing throughout New York State and presents land use, housing, and enforcement concerns best addressed at the local municipal level.
- 2.) The County, City of Ogdensburg, various towns, and villages within St. Lawrence County possess authority and regulatory frameworks tailored to their communities.
- 3.) Establishment of a county-wide registry system would require administrative infrastructure, staffing, enforcement mechanisms, and data management systems not currently maintained by the County.
- 4.) The New York State Legislature expressly authorized counties to opt out of participation in the registry system by local law.
- 5.) It is in the best interests of St. Lawrence County residents to decline participation in the statewide registry system.
- 6.) It is in the best interests of St. Lawrence County residents to alter and amend the definitions of those entities subject to this local law to establish and maintain clarity in the law and uniformity in the application of the law.

Where rent is paid a weekly, monthly or other term basis, the rent shall be subject to the tax imposed by this Local Law to the extent that it is not in violation of this law.

6. Exempt Organizations:

(a) Except as otherwise provided in this section, any use or occupancy by any of the following shall be subject to the tax imposed by this Local Law:

Any corporation, association, trust or community chest fund or foundation, organized and operated exclusively for religious, charitable or educational purposes, or for the prevention of cruelty to children or animals, and no part of the net earnings of which inures to the benefit of any private shareholder or individual and not substantial part of the activities of which is carrying on propaganda, or otherwise attempting to influence legislation; provided, however, that nothing in this subdivision shall include an organization operated for the primary purpose of carrying on a trade or business for profit, whether or not all of its profits are payable to one or more organizations described in this subdivision.

(b) Where any organization described in paragraph (3) of subdivision (a) of this subdivision carries on its activities in furtherance of the purposes for which it was organized, in premises in which, as part of said activities, it operates a hotel, occupancy of rooms in the premises and rents therefrom received by such corporation or association shall not be subject to tax hereunder.

7. Territorial Limitations:

The tax imposed by this Local Law shall apply only within the territorial limits of the County of St. Lawrence.

8. Registration:

(a) Every person required to collect any tax imposed by this Local Law presently operating, commencing business or opening a new place of business, and every person who takes possession of or pays for business assets under circumstances requiring notification by such person to the County Treasurer pursuant to subdivision (d) of Section 17 of this Local Law shall file with the County Treasurer a certificate of registration, in a form prescribed by it, at least twenty (20) days prior to commencing business or opening a new place of business or such purchasing or taking of possession or payment, whichever comes first.

May 4, 2026

(b) The certificate of registration shall contain information with respect to the notice requirements of purchaser transferee or assignee and his liability for the payment of taxes pursuant to subdivision (d) of Section 17 of this local law. The County Treasurer shall within five (5) days after such registration issue, without charge to each registrant a certificate of authority empowering the Treasurer to collect the tax and a duplicate thereof for each additional place of business of such registrant.

(c) The County Treasurer shall issue within five (5) business days of its receipt the certificate of authority general information about the tax imposed under this Local Law, including information on records to be kept, returns and payments, notification requirements and forms. Each certificate or duplicate shall state the place of business to which it is applicable. Such certificates of authority shall be prominently displayed in the places of business of the registrant. Such certificates shall be non-assignable and non-transferable and shall be surrendered to the County Treasurer immediately upon the registrant's ceasing to do business at the place named or in the event that such business never commenced.

9. Administration and Collection:

(a) The tax imposed by this local law shall be administered and collected by the County Treasurer, or such other employees of the County as the County Treasurer may designate, by such means and in such manner as are other taxes which are now collected and administered or as otherwise are provided by this local law.

(b) Every person required to collect the tax shall collect the tax from the occupant when collecting the rent to which it applies. If the occupant is given any receipt or other statement or memorandum of rent paid or payable, the tax shall be stated, charged and shown separately on the first of such documents given to him. The tax shall be paid to the person required to collect it as trustee for and on account of the County.

(c) The County Treasurer shall by regulation prescribe a method or methods or a schedule or schedules of the amounts to be collected from occupants in respect to rent upon which a tax is imposed by this Local Law so that the aggregate collection of taxes by a person required to collect tax shall, as far as practicable, equal to three (3) percent of the total rents of such person upon whom a tax is imposed by this Local Law.

(d) For the purpose of the proper administration of this Local Law and to prevent evasion of the tax hereby imposed, it shall be presumed that all rents for occupancy of hotel, motel, tourist home, inn, cottages, condominium, and bed & breakfast, and short term or vacation rental in the County of St. Lawrence are subject to tax until the contrary is established, and the burden of proving that any rent is not taxable shall be upon the person required to collect tax or the occupant. Unless an occupant, prior to taking possession, furnished to the operator a statement which the County Treasurer may require demonstrating that the occupant is an exempt organization described in Section 6 of this Local Law, the sale shall be deemed a taxable transaction, where such a statement has been furnished to the operator, the burden of proving that the rent is not taxable hereunder shall be solely upon the occupant. The operator shall not be required to collect tax from occupants who furnish an exempt organization statement in proper form.

May 4, 2026

(e) The County Treasurer may provide, by regulation, for the exclusion from taxable rents, rent which has been ascertained to be uncollectible or, in case the tax has been paid upon such rent, for refund of or credit for the tax so paid. Where the County Treasurer provides for a credit for the tax so paid, the Treasurer shall require an application for credit to be filed, but the Treasurer may also allow the applicant to immediately take the credit on the return which is due coincident with or immediately subsequent to the time the applicant files his/her application for credit. However, the taking of the credit on the return shall be deemed to be part of the application for credit and shall be subject to the provisions in respect to applications for credit in Section 14 of the Local Law.

10. Records to be kept:

Every operator shall keep records of every occupancy and of all rent paid, charged or due thereon and of the tax payable thereon, in such for as the County Treasurer may by regulation require. Such records shall include a true copy of each receipt or statement separately stating the tax charged. Such records shall be available for inspection, examination and audit at any time upon demand by the County or his duly authorized agent or employees and shall be preserved for a period of three (3) years, except that period or may require that they be kept longer.

11. Returns:

(a) Every operator required to register pursuant to Section 8 hereof shall file a return quarterly with the County Treasurer. The return shall show all rents received or charged and the amount of tax thereon. The returns to be filed quarterly shall be filed for the quarterly periods ending on the last day of February, May, August and November of each year, and shall be filed within twenty (20) days after the end of the quarterly period covered thereby. The County Treasurer may permit or require returns to be made by other periods and upon such dates they may specify. If the County Treasurer deems it necessary in order to insure the payment of the tax imposed by this Local Law, they may require returns to be made for shorter periods than those prescribed pursuant to the foregoing provisions of this section and upon such dates as he may specify.

(b) The form of returns shall be prescribed by the County Treasurer and shall contain such information as he or she may deem necessary for the proper administration of this Local Law. The County Treasurer may require amended returns to be filed within twenty (20) days after notice and to contain the information specified in the notice.

(c) If a return required by this Local Law is not filed, or a return when filed is incorrect or insufficient on its face, the County Treasurer shall take the necessary steps to enforce the filing of such a return or of a corrected return.

12. Payment of Tax:

Every operator required to file a return under the preceding section shall, at the time of filing such return, pay to the County Treasurer three (3) percent of the total of all rents subject to tax pursuant to this Local Law, as well as all other moneys collected by the operator acting or purporting to act under the provisions of this Local Law. The amount payable for the period for which a return is filed shall be due and payable to the County Treasurer on the date limited for

May 4, 2026

filing the return, whether or not the return is filed, or whether or not the return filed correctly shows the rents or the taxes due thereon. Where the County Treasurer in his or her discretion deems it necessary to protect revenues to be obtained under this Local Law, he or she may require any operator required to collect the tax imposed by this Local Law to file with him or her a bond, issued by a surety company authorized to transact business in this state and approved by the superintendent of insurance of this state as to solvency and responsibility, in such amount as the County Treasurer may fix to secure the payment of any tax or penalties or interest due or which may become due from such operator. In the event that the County Treasurer determines that an operator is to file such bond he or she shall give notice to such operator to that effect specifying the amount of the bond required. The operator shall file such bond within five (5) days after the giving of such notice unless within such five (5) days after the giving of such notice unless within such five days the operator shall request in writing a hearing before the County Treasurer at which the necessity, propriety and amount of the bond shall be determined by the County Treasurer. Such determination shall be final and shall be complied with within fifteen (15) business days of the giving of notice thereof, in lieu of such bond, securities approved by the County Treasurer or cash in such amount as he or she may prescribe, may be deposited with and shall be kept in the custody of the County Treasurer, who may at any time without notice of the depositor, apply them to any tax and/or interest or penalties due, and for that purpose the securities may be sold by him or her at public or private sale without notice to the depositor thereof.

13. Determination of Tax:

(a) If a return required by this Local Law is not filed, or if a return when filed is incorrect or insufficient, the amount of tax due shall be determined by the County Treasurer from such information as may be obtainable and, if necessary, the tax may be estimated on the basis of external indices such as number of rooms, location, scale of rents, comparable rents, type of accommodations and service, number of employees and/or other factors, notice of such determination shall be given to the person liable for the collection and/or payment of the tax. Such determination shall finally and irrevocably fix the tax unless the person against whom it is assessed, within ninety (90) days after giving of notice of such determination, shall apply to the County Treasurer for a hearing, or unless the County Treasurer, on his or her own motion, shall re-determine the same.

(b) Whenever such tax is estimated as provided for in this section, such notice shall contain a statement in bold face type conspicuously placed on such notice advising the person; that the amount of tax was estimated, that the tax may be challenged through a hearing process, and that the petition for such challenge must be filed with the County Treasurer within thirty (30) days.

(c) After such hearing, the County Treasurer shall give notice promptly, by registered or certified mail, of his or her determination to the applicant. The determination of the County Treasurer shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under Article 78 of the Civil Practice Law and Rules if application therefore is made to the Supreme Court within four (4) months after the giving of the notice of such determination. A proceeding under Article 78 of the Civil Practice Law and Rules shall not be instituted unless the amount of any tax sought to be reviewed, with penalties and interest thereon, if any, shall be first deposited with the County Treasurer, and there shall be filed with the County Treasurer and undertaking, issued by a surety company authorized to transact

May 4, 2026

business in this state and approved by the superintendent of insurance of this state as to solvency and responsibility, in such amount as a Justice of the Supreme Court shall approve to the effect that if such proceeding be dismissed or the tax confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of the proceeding or at the option of the applicant, such undertaking filed with the County Treasurer may be in a sum sufficient to cover taxes, penalties and interest thereon stated in such determination plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the applicant shall not be required to deposit such taxes, penalties and interest as a condition precedent to the application.

14. Refunds:

(a) In the manner provided in this section, the County Treasurer shall refund or credit, without interest, any tax, penalty or interest erroneously, illegally or unconstitutionally collected or paid if application to the County Treasurer for such refund shall be made within one (1) year from the payment thereof. Whenever a refund is made by the County Treasurer, he or she shall state his or her reason therefor in writing. Such application may be made by the occupant operator or other person who has actually paid the tax. No actual refund of moneys shall be made to any operator, of tax which has been collected from an occupant, until the alleged taxpayer shall first establish to the satisfaction of the County Treasurer under such regulations as the County Treasurer may prescribe, that he or she has repaid to the occupant the amount for which the application for refund is made. The County Treasurer may in lieu of any refund required to be made. The County Treasurer may in lieu of any refund required to be made, allow credit therefor on payments due from the applicant.

(b) An application for a refund or credit made as herein provided shall be deemed an application for a revision of any tax, penalty or interest complained of and the County Treasurer may receive evidence with respect thereto. After making his or her determination, the County Treasurer shall give notice thereof to the applicant who shall be entitled to review such determination by a proceeding pursuant to Article 78 of the Civil Practice Law and Rules, provided such proceeding is instituted within four (4) months after the giving of the notice of such determination, and provided that a final determination of tax due was not previously made. Such a proceeding shall not be instituted unless an undertaking is filed with the County Treasurer in such amount and with such sureties as a Justice of the Supreme Court shall approve to the effect that if such proceedings be dismissed or the tax confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding.

(c) A person shall be entitled to a revision, refund or credit under this section of a tax, interest or penalty which has been determined to be due pursuant to the provisions of Section 13 of this Local Law where he or she has had hearing or an opportunity for a hearing, as provided in said section, or has failed to avail himself or herself of the remedies therein provided. No refund or credit shall be made of a tax, interest or penalty paid after a determination by the County Treasurer made pursuant to Section 13 of this Local Law unless it be found that such determination was erroneous, illegal or unconstitutional or otherwise improper by the County Treasurer after a hearing or of his or her own motion or in a proceeding under Article 78 of the Civil Practice Law and Rules pursuant to the provisions of said section, in which event, refund or credit without interest shall be made of the tax, interest or penalty found to have been overpaid.

May 4, 2026

15. Reserves:

In cases where the occupant or operator has applied for a refund and has instituted a proceeding under Article 78 of the Civil Practice Law and Rules to review a determination adverse to him or her on his or her application for refund, the County Treasurer shall set up appropriate reserves to meet any decision adverse to the County.

16. Remedies Exclusive:

The remedies provided by Sections 13 and 14 of this Local Law shall be exclusive remedies available to any person for the review of the tax liability imposed by this Local Law, and no determination of tax or determination on any application for refund shall be enjoined or reviewed by an action for declaratory judgment an action for money has and received or by any action or proceeding other than a proceeding under Article 78 of the Civil Practice Law and Rules.

17. Proceedings to Recover Tax:

(a) Whenever any operator required to collect a tax shall fail to collect and pay over any tax, penalty or interest, or whenever any occupant shall fail to pay any tax, penalty or interest imposed by this Local Law as herein provided, the County Attorney shall, upon the request of the County Treasurer, bring or cause to be brought an action to enforce the payment of the same on behalf of the County of St. Lawrence in any court of the State of New York, or of any other state or of the United States.

(b) If, however, the County Treasurer in his or her discretion believes that any such operator, officer, occupant or other person is about to cease business, leave the state or remove or dissipate the assets out of which the tax or penalties might be satisfied, and that any such tax or penalty will not be paid when due, he or she may declare such tax or penalty to be immediately due and payable and may issue a warrant immediately.

(c) As an additional or alternate remedy, the County Treasurer may issue a warrant, directed to the sheriff commanding him or her to levy upon and sell the real and personal property of the operator which may be found within the county for the payment of the amount thereof, with any penalties and interest, and the cost of executing the warrant, and to return such warrant to the County Treasurer and to pay to him or her the money collected by virtue thereof within sixty (60) days after the receipt of such warrant. The sheriff shall within five (5) days after the receipt of the warrant file with the County Clerk a copy thereof, and thereupon such Clerk shall enter in the judgment docket the name of the person mentioned in the warrant and the amount of the tax, penalties and interest for which the warrant is issued and the date when such copy is filed. Thereupon the amount of such warrant so docketed shall become a lien upon the interest in real and personal property of the person against whom the warrant is issued. The sheriff shall then proceed upon the warrant, in the same manner, and with like effect, as the provided by law in respect to executions issued against property upon judgements of a court of record and for services in executing the warrant he shall be entitled to the same fees, with he may collect in the same manner. In the discretion of the County Treasurer, a warrant of like terms, force and effect may be issued and directed to any office or employee of the County Treasurer and in the execution thereof such office or employee shall have all the powers conferred by law upon

sheriffs, but shall be entitled to no fee or compensation in excess of the actual expenses paid in the performance of such duty. If a warrant is returned not satisfied in full, the County Treasurer may from time to time issue new warrants and shall also have the same remedies to enforce the amount due thereunder as if the county had recovered judgement therefor and execution thereon had been returned unsatisfied.

(d) Whenever an operator shall make a sale, transfer or assignment in bulk of any part of the whole of this hotel or motel assets, otherwise than in the ordinary course of business, the purchaser, transferee or assignee shall, at least ten days before taking possession of the subject of said sale, transfer or assignment, or paying therefor, notify the County Treasurer by registered mail of the proposed sale and of the price, terms and conditions thereof whether or not the seller, transferor or assignor has represented to or informed the purchaser, transferee or assignee that the owes any tax pursuant to this Local Law, and whether or not the purchaser, transferee or assignee has knowledge that such taxes are owing, and whether any such taxes are in fact owing. Whenever the purchaser, transferee or assignee shall fail to give notice to the County Treasurer as required by the preceding paragraph, or whenever the County Treasurer shall inform the purchaser, transferee or assignee that a possible claim for such tax or taxes exists, any sums of money, property or choses in action, or other consideration, which the purchaser, transferee or assignee is required to transfer over to the seller, transferor or assignor shall be subject to a first priority right and lien for any such taxes theretofore or thereafter determined to be due from the seller, transferor or assignor to the county and the purchaser, transferee or assignee is forbidden to transfer to the seller transferor or assignor any such sums of money, property or choses in action to the extent of the amount of the county's claim. For failure to comply with the provisions of this subdivision, the purchaser, transferee or assignee, in addition to being subject to the liabilities and remedies imposed under the provisions of Article 6 of the Uniform Commercial Code, shall be personally liable for the payment of the county of any such taxes theretofore or thereafter determined to be due to the county from the seller, transferor, or assignor, and such liability may be assessed and enforced in the same manner as the liability for tax under this Local Law.

22. Returns to be Confidential:

(a) Except in accordance with proper judicial order or as otherwise provided by law, it shall be unlawful for the County Treasurer, or any officer or employee of his department, or any person who in any manner may acquire knowledge of the contents of a return or report filed with the County Treasurer pursuant to this Local Law, to divulge or make known in any manner any particulars set forth or disclosed in any such return or report. Nothing herein shall be construed to prohibit the delivery to a person who has filed a return or report or his duly authorized representative of a certified copy of any return or report filed in connection with his tax. Nor shall anything herein be construed to prohibit the delivery to a person required to collect the tax under this Local Law or a purchaser, transferee or assignee personally liable under the provisions of Section 17(d) of this Local Law for the tax due from the seller, transferor or assignor, or any return or report filed under this Local Law in connection with such tax, provided, however, that there may be delivered only so much of said return, report or of the facts show thereby as are pertinent to a determination of the taxes due or liability owed by such person or purchaser, transferee or assignee and no more, or to prohibit the publication of statistics so classified as to prevent the identification of particular returns or reports and the items thereof, or the inspection by the County Attorney or other legal representatives of the County of the return or report of any person required to collect or pay the tax who shall bring action to review the tax based thereon, or against whom an action or proceeding under this Local Law has been recommended by the County Treasurer or the County Attorney, or has been instituted.

A notice of determination shall be mailed promptly by registered or certified mail. The mailing of such notice shall be presumptive evidence of the receipt of the same by the person to whom addressed. Any period of time which is determined according to the provisions of this Local Law by the giving of notice shall commence to run from the date of mailing of such notice.

(b) If any return, claim, statement, notice, application, or other required to be filed, or any payment required to be made, within a prescribed period or on or before a prescribed date under authority of any provision of this Local Law is, after such period or such date, delivered by United States mail to the County Treasurer or his or her office, the date of the United States postmark stamped on the envelope shall be deemed to be the date of delivery. Certified mail may be used in lieu of registered mail under this section. This subdivision shall apply in the case of postmarks not made by the United States Post Office only if and the extent provided by regulation of the County Treasurer.

(c) When the last day prescribed under the authority of this Local Law (including any extension of time) for performing any act falls on Saturday, Sunday or a legal holiday in the State of New York, the performance of such act shall be considered timely if it is performed on the next succeeding day which is not a Saturday Sunday or a legal holiday.

i. The provisions of the Civil Practice law and Rules or any other law relative to limitations of time for the enforcement of a civil remedy shall not apply to any proceeding or action taken by the County to levy, appraise, assess determine or enforce the collection of any tax or penalty provided by this Local Law. However, except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than three years from the date of filing of a return; provided, however, that where no return has been filed as provided by law the tax may be assessed at any time.

ii. Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period be extended, the amount of such additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing before the expiration of the extended period.

24. Separability:

If any provision of this Local Law, or the application thereof to any person or circumstance is held invalid, the remainder of this Local Law, and the application of such provisions to other persons or circumstances shall not be affected thereby.

RESOLUTION NO. 171-2026

SUPPORTING NEW YORK STATE SENATE BILL S.7298 AND NEW YORK STATE ASSEMBLY BILL A.7439 AN ACT TO AMEND THE VEHICLE AND TRAFFIC LAW TO INCREASE THE WIDTH AND WEIGHT OF THE DESCRIPTION SPECIFICS FOR AN ALL TERRAIN VEHICLE

By Mr. Hull, Chair, Finance Committee

Co-Sponsored by Mr. Sheridan, District 4; Mr. Smithers, District 5; Mr. Denesha, District 6; Mr. Perkins, District 7; and Mr. Webster, District 11

WHEREAS, St. Lawrence County is a rural county with significant reliance on outdoor recreation, agriculture, forestry, and utility vehicle use for both economic and personal purposes, and

WHEREAS, the State of New York regulates the registration and operation of utility terrain vehicles (UTVs) and all-terrain vehicles (ATVs) to promote public safety and responsible use, and

WHEREAS, advances in vehicle engineering, safety systems, and utility design have resulted in modern UTVs and ATVs that frequently exceed existing statutory weight limits while offering enhanced safety, stability, and functionality, and

WHEREAS, current New York State law imposes weight limitations that prevent the registration and lawful operation of newer, safer, and more commonly utilized vehicles, and

WHEREAS, Senate Bill S.7298 and Assembly Bill A.7439 sponsored by Senator Patrick Gallivan, has been introduced to amend the Vehicle and Traffic Law to increase the allowable weight limit for registerable UTVs and ATVs to 2000 lbs. and also increase the width of machines capable of registration, and

WHEREAS, S.7298/A.7439 recognizes that existing weight thresholds are outdated and do not reflect current manufacturing standards, thereby restricting access to vehicles that are widely used for agricultural work, land management, and outdoor recreation, and

WHEREAS, the legislation would expand the class of eligible vehicles for registration while maintaining safety, insurance, and operational requirements under New York State law, and

WHEREAS, adoption of S.7298/A.7349 would provide significant benefits to rural communities such as St. Lawrence County by improving access to safe and efficient equipment, supporting agricultural operations, enhancing tourism and trail-based recreation, and reducing regulatory barriers for residents and businesses, and

May 4, 2026

WHEREAS, according to sales market reports, approximately 20,000 ATVs and UTVs are sold in New York State with approximately 250,000 units operational statewide annually, and

WHEREAS, approximately 150,000 units are registered, suggesting around 100,000 units are owned without registration in the State of New York, and

WHEREAS, increasing the weight limit to 2,000 lbs. for registration would produce between \$700,000 and \$1.2 million in additional registration fees annually, and

WHEREAS, St. Lawrence County recognizes the importance of aligning state law with modern vehicle standards to ensure both safety and practicality for its residents and is cognizant of the State of New York’s need for additional revenue,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators supports New York State Senate Bill S.7298 and New York State Assembly Bill A.7349 an Act to Amend the Vehicle and Traffic Law to Increase the Width and Weight of the Description Specifics for an All Terrain Vehicle, and

BE IT FURTHER RESOLVED that the County urges the New York State Legislature to pass, and the Governor to sign into law, Senate Bill S.7298 and Assembly Bill A.7349 in order to modernize ATV and UTV regulations and better serve rural communities, and

BE IT FURTHER RESOLVED that certified copies of this resolution be forwarded to Governor Kathy Hochul, Assemblyman Scott Gray, Senator Mark Walczyk, Assemblyman Robert Smullen, Assemblyman Ken Blankenbush, and Senator Dan Stec.

IN OPPOSITION TO LEGISLATION AUTHORIZING RENEWABLE ENERGY DEVELOPMENT ON STATE FOREST LANDS WITHOUT LOCAL CONTROL AND CONSIDERATION OF ECONOMIC IMPACTS

By Mr. Hull, Chair, Finance Committee

Co-Sponsored by Mr. Sheridan, District 4; Mr. Denesha, District 6; and Mr. Perkins, District 7

WHEREAS, St. Lawrence County contains extensive acreage of New York State reforestation lands that contribute significantly to the County's natural resource economy, tourism industry, and quality of life, and

WHEREAS, these State Forest lands support local economies through timber harvesting, outdoor recreation, hunting, fishing, snowmobiling, and tourism-related businesses, all of which generate revenue and sustain employment for County residents, and

WHEREAS, these lands also provide critical ecosystem services, including carbon sequestration, water quality protection, and wildlife habitat, which have long-term environmental and economic value, and

WHEREAS, the Board of Legislators has consistently supported a balanced approach to economic development that protects natural resources while promoting responsible growth and local job creation, and

WHEREAS, proposed legislation, including Senate Bill S.4408, would authorize renewable energy development on State reforestation lands under the jurisdiction of the New York State Department of Environmental Conservation, and

WHEREAS, such legislation could allow large-scale industrial development, including solar arrays, wind energy facilities, battery storage systems, and transmission infrastructure, on lands currently used for forestry, recreation, and conservation, and

WHEREAS, the conversion of forest lands to industrial energy use may result in the loss of timber production, reduced tourism activity, and diminished recreational opportunities, thereby negatively impacting local businesses, property values, and tax bases, and

WHEREAS, while State-owned lands are tax-exempt, they provide important indirect economic benefits that could be compromised by large-scale development inconsistent with current land uses, and

WHEREAS, the proposed legislation does not require approval or meaningful participation from county or local governments, thereby undermining the principles of home rule that this Board has consistently defended in prior resolutions, and

RESOLUTION NO. 191-2026

RESOLUTION URGING GOVERNOR HOCHUL AND THE STATE LEGISLATURE TO EXEMPT EMERGENCY MEDICAL SERVICES FROM THE REAL PROPERTY TAX CAP, PROVIDE DEDICATED STATE FUNDING TO SUPPORT COUNTY EMS PLANS, AND ENACT ADDITIONAL REFORMS TO STRENGTHEN EMERGENCY MEDICAL SERVICES

By Ms. Curran, Chair, Operations Committee

WHEREAS, the lack of timely and reliable access to Emergency Medical Services (EMS) poses an emerging and imminent threat to public health by delaying or preventing hospital care, resulting in preventable loss of life, increased morbidity, and poorer outcomes for New Yorkers experiencing time sensitive emergencies where minutes matter, such as cardiac arrest, stroke, trauma, overdose, and sepsis, and

WHEREAS, EMS is a critical component of public health, supporting emergency preparedness and response through early situational awareness, serving as trusted frontline partners in health promotion and prevention, and strengthening coordination across the emergency care continuum, and

WHEREAS, the erosion of EMS capacity eliminates key opportunities to improve access to care and deliver coordinated, innovative frontline interventions, and

WHEREAS, the EMS crisis disproportionately impacts rural and underserved communities, where transportation gaps, aging populations, high non-emergent call volume, workforce shortages, and reliance on volunteer or mixed workforce models strain limited resources, increase mutual aid and municipal financial burdens, delay emergency and hospital care, and divert resources from other public health and safety priorities, further weakening the healthcare, emergency response, and public health and public safety infrastructures and worsening downstream health outcomes, and

WHEREAS, rising operational costs, inadequate insurance reimbursement rates, and acute staffing shortages are pushing local EMS systems to the brink of collapse, forcing counties and municipalities to make increasingly difficult fiscal decisions between sustaining life-saving services and remaining within the constraints of the real property tax cap, and

WHEREAS, the real property tax cap, as currently structured, prevents counties and municipalities from raising the revenue necessary to adequately fund EMS operations, effectively imposing an artificial ceiling on communities' ability to respond to a genuine public health emergency, and

WHEREAS, Governor Hochul vetoed legislation in 2025 that would have exempted EMS from the real property tax cap, leaving counties and municipalities without the fiscal tools needed to stabilize their EMS systems, and

June 1, 2026

WHEREAS, the State has enacted a new requirement directing counties to convene a comprehensive EMS planning process with cities, towns, and villages within their jurisdictions—a mandate that counties will undertake in good faith as committed partners in improving EMS delivery, but one that imposes significant new administrative and financial responsibilities on county governments that are already stretched thin by growing federal and state mandates in social services, public safety, and other areas where the State relies on counties as its primary implementation partners, and

WHEREAS, the success of any county-level EMS planning framework depends on the State making parallel commitments to provide meaningful fiscal relief, dedicated funding, and the legislative reforms necessary for counties and municipalities to act on the plans they develop, and

WHEREAS, EMS vehicles transporting patients across the New York State Thruway are currently required to pay tolls, creating an inequitable and operationally burdensome distinction between EMS and fire vehicles, which are already exempt through emergency services permits issued by the Thruway Authority, and

WHEREAS, Governor Hochul vetoed legislation in 2025 that would have required the Thruway Authority to issue emergency services permits to EMS vehicles, exempting them from tolls while transporting patients—a commonsense reform that would reduce costs and remove an unnecessary obstacle to timely emergency care,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators urges Governor Kathy Hochul and the New York State Legislature to enact legislation exempting Emergency Medical Services from the real property tax cap, providing counties and municipalities with the fiscal flexibility needed to fund reliable, sustainable EMS systems, and

BE IT FURTHER RESOLVED that the Board of Legislators urges the Governor and the Legislature to provide dedicated state funding to support counties in developing, implementing, and sustaining the comprehensive county EMS plans required under state law, recognizing that a planning mandate without commensurate state resources and fiscal relief constitutes yet another unfunded burden on county governments that already bear the cost of delivering a wide range of state-mandated programs and services, and

BE IT FURTHER RESOLVED that the Board of Legislators urges the Governor and the Legislature to enact legislation requiring the Thruway Authority to issue emergency services permits to EMS vehicles, exempting them from tolls while transporting patients on the New York State Thruway, consistent with the treatment already afforded to fire vehicles, and

BE IT FURTHER RESOLVED that certified copies of this resolution shall be forwarded to Governor Kathy Hochul, the New York State Legislature, the Office of Temporary and Disability Assistance, the Department of Health, and all others deemed necessary and proper.

**RESOLUTION URGING THE GOVERNOR AND STATE LEGISLATURE TO
ADDRESS RISING MANDATED COSTS BY ENSURING COUNTY PARITY
WITH INCREASED MUNICIPAL AID**

By Ms. Curran, Chair, Operations Committee

WHEREAS, the 57 counties in New York serve as the primary administrators of state and federally mandated programs—including Medicaid, child welfare, public safety, public health, election administration, and indigent legal defense—delivering services that reach every resident of the State, and

WHEREAS, counties fund these essential services in partnership with the state and federal government, yet exercise little control over the policies that drive their costs, leaving county property taxpayers as the payers of last resort when state or federal aid is reduced or fails to keep pace with program demands, and

WHEREAS, the Aid and Incentives for Municipalities (AIM) program provides unrestricted general purpose aid to New York State’s cities (excluding New York City), towns, and villages—currently funded at \$715.2 million annually—and has not included county governments as eligible recipients since 1990, and

WHEREAS, the Governor’s SFY 2026-27 Executive Budget proposed to maintain AIM at \$715.2 million and continue \$50 million in Temporary Municipal Assistance—both programs available exclusively to cities, towns, and villages—with no new unrestricted aid for counties, and

WHEREAS, the Governor’s 30-day amendments to the SFY 2026-27 Executive Budget proposed an increase of \$100 million in Temporary Municipal Assistance for cities, towns, and villages, and additional unrestricted aid to New York City—representing a significant new investment in other local government partners—while providing no equivalent relief for counties, and

WHEREAS, the Senate one-house budget proposes \$302 million per year in additional AIM funding for New York City over two fiscal years—a total of \$604 million in new municipal assistance—without a corresponding increase in direct aid to counties, and

WHEREAS, the Senate one-house budget further proposes \$250,000 to establish an AIM Redesign Task Force charged with making recommendations on the expansion of AIM to New York City, with no comparable directive to examine or expand aid to county governments, and

June 1, 2026

WHEREAS, the Assembly one-house budget proposes \$1.5 billion in additional Temporary Municipal Assistance over three years—including \$1 billion for New York City and \$500 million for cities, towns, and villages—again with no parallel investment in county fiscal relief, and

WHEREAS, increasing state investment in AIM and Temporary Municipal Assistance while counties receive no analogous unrestricted aid creates a growing disparity in the State’s partnership with its local government units, and

WHEREAS, counties are simultaneously absorbing significant and growing cost pressures that are largely outside their control, including: rising assigned counsel costs under County Law Article 18-B; escalating preschool special education expenditures; costs associated with CPL § 730 competency restoration confinements, which have increased by more than 6,000 percent in some counties between 2019 and 2024, and anticipated cost shifts resulting from federal policy changes to Medicaid and the Supplemental Nutrition Assistance Program (SNAP), which will increase county administrative costs beginning in October 2026, and

WHEREAS, the number of local governments in fiscal stress, as identified by the Office of the State Comptroller (OSC)’s Fiscal Stress Monitoring System, is rising, and a dozen counties exceeded the property tax cap in their 2026 budgets—the most in a decade, and

WHEREAS, counties are constrained by the state-imposed property tax cap, limiting their ability to independently raise revenues to offset growing costs, and

WHEREAS, NYSAC has called upon the Governor and Legislature to provide \$100 million in targeted county fiscal relief in the enacted SFY 2026-27 budget, which could be structured through the County Infrastructure Grant Program, relief from assigned counsel costs, relief from preschool special education costs, or support for competency restoration expenses—representing a fraction of the new investment proposed for municipalities and New York City in the current budget cycle, and

WHEREAS, such relief can be structured in a manner that addresses the most pressing cost drivers facing counties, including but not limited to assigned counsel under Article 18-B, preschool special education, Safety Net, and CPL § 730 competency restoration, or through direct unrestricted aid, and

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators urges the Governor and the Legislature to provide parity with the proposed increases for other municipalities through direct fiscal relief for county governments in the enacted SFY 2026-27 State Budget, commensurate with the significant new investments in municipalities proposed through the 30-day amendments and one-house budget resolutions, and

BE IT FURTHER RESOLVED that certified copies of this resolution be sent to Governor Kathy Hochul, Senator Dan Stec, Senator Mark Walczyk, Assemblyman Ken Blankenbush, Assemblyman Scott Gray, and Assemblyman Robert Smullen.

RESOLUTION NO. 193-2026

RESOLUTION AFFIRMING LOCAL AUTHORITY OVER DATA CENTER SITING

By Ms. Curran, Chair, Operations Committee
Cosponsored by Ms. Haggard, District 10 and Mr. Gennett, District 13

WHEREAS, the rapid expansion of artificial intelligence infrastructure has accelerated the construction of large-scale data centers across the United States, with New York State increasingly identified as a target market for such development, and

WHEREAS, according to the New York Independent System Operator (NYISO), large load projects, many of which are associated with data centers and other energy-intensive industries, grew from approximately 6,800 megawatts in the interconnection queue in September 2025 to approximately 12,000 megawatts by January 2026, representing a near-doubling in just four months, and

WHEREAS, modern hyperscale data centers are among the most energy-intensive land uses in existence, capable of consuming electricity comparable to mid-sized cities, and data centers already account for an estimated 4.4 percent of annual U.S. electricity consumption—a figure projected to rise substantially by 2030, and

WHEREAS, the addition of large data center loads to the electrical grid has been found to increase electricity costs for all ratepayers, including residential customers, small businesses, and local governments, and

WHEREAS, data centers are also significant consumers of water, with large facilities in some cases using millions of gallons per day for cooling, and

WHEREAS, many New York counties include agricultural lands, rural communities, and watersheds where the land use, water, and energy impacts of large-scale data center development would be particularly consequential, and

WHEREAS, data centers have also generated significant community opposition in localities across the political spectrum, with residents raising concerns about noise from cooling systems, visual impacts, impacts to agricultural and rural landscapes, rising utility costs, impacts on local taxes, and the pace and opacity of approval processes, and

WHEREAS, the U.S. Department of Energy has directed the Federal Energy Regulatory Commission to finalize a rule, with a deadline of April 30, 2026, that would assert federal jurisdiction over the interconnection of large electrical loads greater than 20 megawatts, an area traditionally regulated by states and localities, and

June 1, 2026

WHEREAS, the Trump Administration has taken an increasingly aggressive posture toward state and local regulatory authority, including through an Executive Order directing the establishment of a federal AI Litigation Task Force to challenge state AI laws deemed inconsistent with federal policy and directing agencies to consider conditioning certain discretionary funding on states' regulatory approaches to artificial intelligence, and

WHEREAS, county governments are best positioned to evaluate how data center development interacts with local land use plans, community priorities, infrastructure capacity, long-term economic goals, and must retain meaningful authority to approve, condition, or decline such proposals, and

WHEREAS, local governments must retain meaningful authority over land use decisions affecting data center siting, and counties must have a meaningful role in any state review process affecting county infrastructure, water systems, tax base, and public services,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators calls on the Governor and the State Legislature to ensure that any state permitting, environmental review, or approval process for new data center development includes a meaningful and timely role for county governments, and that counties are not preempted from exercising their land use, taxation, and zoning authority with respect to such facilities, and

BE IT FURTHER RESOLVED that the Board of Legislators calls on New York's Congressional delegation to oppose federal rulemaking or legislation that would preempt state and local authority over the interconnection, siting, or permitting of large electrical load projects, including data centers, and to ensure that any federal framework preserves meaningful state and local oversight of energy infrastructure decisions affecting New York ratepayers and communities, and

BE IT FURTHER RESOLVED that the Board of Legislators supports legislation to require the Office of the State Comptroller to assess and report the cost impacts of data center electrical load on all ratepayers in New York State, and to establish standards ensuring that the costs of grid infrastructure upgrades attributable to data centers are borne by data center operators rather than shifted to residential and commercial ratepayers, and

BE IT FURTHER RESOLVED that the Board of Legislators urges all municipalities in St. Lawrence County to consider a moratorium on data centers, with County support to local Planning Boards, and

BE IT FURTHER RESOLVED that certified copies of this resolution be sent to Governor Kathy Hochul, Congresswoman Elise Stefanik, Senator Dan Stec, Senator Mark Walczyk, Assemblyman Ken Blankenbush, Assemblyman Scott Gray, Assemblyman Robert Smullen, the Mohawk Council of Akwesasne, the Saint Regis Mohawk Tribal Council, and towns, villages, and the City in St. Lawrence County.

**RESOLUTION URGING THE GOVERNOR AND STATE LEGISLATURE TO
EXPEDITE THE RELEASE OF COVERED LIVES IMPLEMENTATION
GUIDANCE AND FUNDS TO COUNTIES**

By Ms. Curran, Chair, Operations Committee

WHEREAS, Chapter 820 of the Laws of 2021 established an Early Intervention Program (EIP) Covered Lives pool funded by an assessment on insurance plans in the amount of \$40 million annually, and

WHEREAS, the purpose of this law was to relieve the EIP's heavy fiscal burden on the state and counties from high rates of commercial insurance denials for EI service claims, to improve the EIP for children and families, and to assist providers by relieving some of their administrative duties during service delivery, and

WHEREAS, prior to Covered Lives going into effect, Early Intervention (EI) service claims were paid through three (3) revenue streams—commercial insurance, Medicaid, or out of escrow, depending on the child receiving the service's insurance coverage, and

WHEREAS, counties were responsible for paying 100 percent of the upfront costs of EIP services, not covered by Medicaid or commercial insurance, out of county escrow, with State reimbursement for 49 percent of escrow costs provided later, and

WHEREAS, since Covered Lives went into effect, providers are no longer billing commercial insurance for services provided, and

WHEREAS, the SFY 2027 Executive Budget amends the New York State Health Care Reform Act (HCRA) to make covered lives funding available annually from January 1, 2023, through December 31, 2029, and

WHEREAS, counties are now responsible for paying upfront costs for all EIP services not covered by Medicaid out of county escrow, including for services provided to children with commercial insurance and for children who are dually insured by Medicaid and private insurance, and

WHEREAS, the EIP pool funding is intended to offset both the municipal and state share of EIP services not covered by Medicaid, and

WHEREAS, since the inception of Covered Lives payments, counties have not received the full amount expected, with only \$15.4 million of the expected \$20.4 million released to counties annually since Fiscal Year 2023, and

WHEREAS, counties have received limited guidance on the methodology by which Covered Lives funds are distributed, and

June 1, 2026

WHEREAS, the delay in distributing Covered Lives funds to counties has caused increases to their upfront escrow costs, and

WHEREAS, since the implementation of Covered Lives, the amount of Medicaid reimbursement has significantly decreased, and

WHEREAS, based on the average percent of total EI costs that counties paid from 2014 to 2021, without any Covered Lives funding to offset the loss of commercial insurance reimbursement, counties will be paying an estimated two percent (2%) more in total EI costs in 2027, and

WHEREAS, the New York State Health Care Reform Act (HCRA) designating the Early Intervention Covered Lives Fund requires renewal,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators urges New York State continue its commitment to this critical program being a shared cost between the state and local governments, and

BE IT FURTHER RESOLVED that the Board of Legislators calls upon the Governor and the New York State Legislature to specify that the disbursement methodology of the Covered Lives funding be consistent with the current reimbursement methodology for Early Intervention services, with counties receiving 49 percent of the total Covered Lives amount and New York State receiving 51 percent, and

BE IT FURTHER RESOLVED that the Board of Legislators calls upon the Governor and the Legislature to take measures to expedite the release of the delayed Covered Lives funds owed to counties and municipalities, and

BE IT FURTHER RESOLVED the New York State Department of Health (NYSDOH) Bureau of Early Intervention consider amending county escrow agreements to change the payment process so the state provides counties with their Covered Lives share at the beginning of the state fiscal year, and

BE IT FURTHER RESOLVED the NYSDOH Bureau of Early Intervention provide information on how insurance, service claim, and cost data will be maintained at the child level to ensure funds are being applied fairly across municipalities/counties, and

**SUPPORTING STATE FISCAL YEAR 2026-27 HOUSING-LINKED WATER
INFRASTRUCTURE FUNDING AND ENSURING COUNTY ACCESS**

By Ms. Curran, Chair, Operations Committee

WHEREAS, New York faces an acute housing affordability crisis, and adequate water and sewer infrastructure capacity is essential to unlock housing development and redevelopment across the state, and

WHEREAS, counties own and operate regional water and wastewater systems, provide regulatory oversight of drinking water supplies through local health departments, coordinate intermunicipal infrastructure planning, and finance major infrastructure investments, making them indispensable partners in addressing the state's infrastructure challenges, and

WHEREAS, state investment in water infrastructure enables local governments to modernize aging systems, meet evolving federal and state water quality standards, address emerging contaminants, replace lead service lines, and ensure safe, reliable water service for current and future generations, and

WHEREAS, the State Fiscal Year (SFY) 2027 Executive Budget proposes a five-year, \$3.75 billion commitment to clean water infrastructure, including:

- \$500 million for projects authorized by the Clean Water Infrastructure Act of 2017 (CWIA), including the Water Infrastructure Improvement Act (WIIA) and the Intermunicipal Water Infrastructure Grant Program, and
- \$200 million for water infrastructure projects that promote housing preservation and development statewide, and
- \$50 million specifically targeted to water infrastructure projects that promote housing preservation in rural communities, and

WHEREAS, these investments will support municipal wastewater treatment, stormwater management, green infrastructure, nonpoint source abatement, lead service line replacement, septic system upgrades, emerging contaminant remediation, and other critical water quality programs, and

WHEREAS, the \$250 million investment linking water infrastructure to housing preservation and development recognizes that adequate infrastructure capacity is essential to addressing the state's housing challenges, and

WHEREAS, counties are uniquely positioned to leverage these funds for regional projects that serve multiple municipalities and maximize housing development opportunities, yet program eligibility and design details will determine whether counties can effectively access this funding, and

June 1, 2026

WHEREAS, water infrastructure investments directly support statewide housing goals by removing infrastructure barriers to residential construction, enabling infill development, facilitating brownfield redevelopment, and supporting both urban revitalization and rural community growth, and

WHEREAS, the two percent (2%) property tax cap severely constrains the ability of local governments to self-finance infrastructure improvements, making state investment critical to enabling housing development without unsustainable increases in local taxes and user fees, and

WHEREAS, climate change is intensifying storms and flooding events, requiring resilient water infrastructure that can support both current populations and future housing growth, and

WHEREAS, many rural and fiscally constrained counties face unique challenges in meeting match requirements and navigating competitive grant processes, yet these communities have critical housing and infrastructure needs that must be addressed,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators strongly supports the SFY 2027 Executive Budget’s \$750 million annual investment in clean water infrastructure, and

BE IT FURTHER RESOLVED that the Board of Legislators calls on the Governor and New York State Legislature to explicitly provide that counties are eligible applicants for all water infrastructure funding programs, including the \$250 million for housing-related water infrastructure funding, and

BE IT FURTHER RESOLVED that the Board of Legislators strongly supports making the housing-related water infrastructure investment a permanent annual appropriation and urges continued multi-year state commitment to water infrastructure investment at levels sufficient to support the state’s housing goals, protect public health, enable economic growth, and meet environmental obligations, and

RESOLUTION NO. 196-2026

**RESOLUTION CALLING ON THE STATE TO INCREASE THE SALARY CAP FOR
RETIRED PUBLIC EMPLOYEES SEEKING PUBLIC EMPLOYMENT**

By Ms. Curran, Chair, Operations Committee

WHEREAS, under current state law, a retired public employee may only earn up to \$35,000 annually when retained/rehired to a state or local government position without this salary impacting their retirement benefits, and

WHEREAS, any retired public employee salary amount over \$35,000 will result in a decrease in pension payments for the employee, and

WHEREAS, this \$35,000 earnings cap for retired public employees seeking to return to government service has become a significant barrier to addressing staffing shortages, and

WHEREAS, local governments across New York State are grappling with significant workforce challenges across all areas of public service, and

WHEREAS, the ability to recruit and retain qualified employees for positions ranging from public health nurses to assessors and municipal finance officers has become increasingly difficult, particularly in rural areas where specialized expertise is at a premium, and

WHEREAS, this salary cap limitation has been adjusted only once since 2007 and has not kept pace with inflation percentage growth, and

WHEREAS, S.6956-B (Ryan)/A.8720-A (Stirpe) would increase the earnings limitation from \$35,000 to \$50,000, providing local governments with the flexibility to address urgent staffing needs while ensuring that seasoned professionals can afford to return to public service roles without devastating impacts to their retirement benefits, and

WHEREAS, the importance of this reform was demonstrated during the COVID-19 pandemic, when an Executive Order temporarily removed the earnings cap to support staffing continuity and this temporary measure proved vital to maintaining essential services, and

WHEREAS, other public positions have increased this cap for the same reason, such as the State Legislature suspending the cap for retirees working in schools and BOCES through 2027—recognizing the urgent need to expand the public workforce,

NOW, THEREFORE, BE IT RESOLVED that the Board of Legislators supports S.6956-B (Ryan)/A.8720-A (Stirpe) as it represents more than just a salary adjustment—it is an essential step toward addressing local government staffing challenges that will enable counties, cities, towns, and villages to recruit experienced professionals for hard-to-fill positions in specialized fields like public health, finance, corrections, and social services, and
