NYS DEC Office of Environmental Justice (OEJ)

Community Impact Grants

<https://dec.ny.gov/environmental-protection/environmental-justice/grant-programs>

\$5.9 million is available for community-based organizations for projects that address exposure of communities to multiple environmental harms and risks. Eligible applicants are Tribal Organizations and not-for-profit (NFP) community-based organizations having 501(c)(3) status, or a community-based organization may partner with a NFP that will serve as their fiscal sponsor.

The program focuses on low income and minority communities that historically were burdened by environmental problems such as: a large number of regulated facilities; contaminated sites; noise, air and water pollution; health problems, lack of green space, and waterfront access. Project proposals must be located in an environmental justice community and include a research component that will be used to expand the knowledge or understanding of the affected community.

Deadline: August 13, 2025

Adirondack Architectural Heritage

Adirondack Rural Revitalization Program (ARRP)

<https://aarch.org/funding/adirondack-rural-revitalization-program/>

A second round of funding for 2025 is available; applications will be considered on a rolling basis until the limited remaining grant funds are allocated. Applicants must affirmatively answer pre-qualification questions to determine eligibility and access a full application.

This program is open to private, public, and nonprofit owners of historic properties throughout the Adirondack region (Clinton, Essex, Franklin, Fulton, Hamilton, Herkimer, Lewis, St. Lawrence, Washington, and Warren Counties). Properties must be listed on, or eligible for listing on, the National Register of Historic Places (individually or contributing to a historic district) and in towns under 10,000. The program will fund capital rehabilitation and repair projects that follow the Secretary of the Interior's Standards for Rehabilitation, contribute to the community's character, and create economic development through new and/or additional uses for the historic space. Only repair and/or rehabilitation projects will receive funding through this program, such as roof, masonry, door and/or window repair, structural stabilization, and site infrastructure as required for building occupancy.

Deadline: Rolling (please see above)

The following federal funding opportunities, for the USDOJ, USDA, and FEMA, have been announced via Grants.gov. Please note that availability of funds, and/or the mechanisms through which these programs are administered, are subject to change.
